The Sources of Disease are Cleaned and Blood Purified

Those who have used S. S. S. marvel at the way it checks blood diseases. See a man today with his skin all broken out; see him again in a week or two after using S. S. S. and he is a wonder to behold, all cleared up, skin healthy, eyes bright, a big smile replaces the frown. What is S. S. S. that can accomplish such wonderful results? First of all it is a natural medicine. Like milk, eggs and other foods that can not be imitated, S. S. S. owes its nature for its power to overcome disease just as food prevents starvation. S. S. S. is not a combination of prescription drugs. It is a preparation direct from medicinal plants that retain all the virtue potency of what we need, what we must have in the blood to counteract those destructive tendencies that assail us throughout life. If it were not for our natural tendency to sustain us, aided by such small helps as S. S. S. there would be small chance of any of us surviving childhood.

Get a bottle of S. S. S. today from any druggist, but be careful to avoid the substitutes peddled off on the unwary. S. S. S. is prepared only by The Swift Specific Co., 53 Swift Bldg., Atlanta, Ga., and for private medical advice write briefly your symptoms to their medical department. They will take excellent care of you.

# 2,000 AMERICANS GREAT INCREASE IN JURISDICTION OVER IN LINE FOR SCHOOL ROLLS OF NEW MEXICO AT DAM

London Committee Hard Put to Meet Requirements—Many Americans Unable to Get Out of Germany.

London, Sept. 7 (1:58 p. m.)—One hundred and sixty-five Americans, the greater number well-to-do women, arrived here today from Weymouth, where they were landed by the American cruiser Terminus. They spent last night aboard the cruiser because of a lack of accommodations on shore. They had a fine trip across the channel and spoke highly of the comfort aboard the ship and the attention of the officers and crew.

London, Sept. 7 (12:15 p. m.)—Among the 2,000 Americans who crowded the rooms of the American relief committee when it opened this morning were 160 who came over from Havre on the American cruiser Terminus. The remainder were chiefly from Flushing, Ostend and Rotterdam and were largely Americanized Germans, who are virtually without money and who must be assisted back to the United States by the committee.

Refugees from Germany say there is still a large number of American citizens in Germany who are unable to get out because of the limited train facilities. There are only two trains a day from Berlin to Rotterdam, each carrying 200 passengers, consequently Americans are filtering out of the German capital very slowly. Other refugees report that Rotterdam is still crowded and that many Americans are waiting in Holland for an opportunity to get to England.

THOUSAND AMERICANS STILL IN SWITZERLAND  
Washington, Sept. 7.—A thousand Americans still remain in Switzerland, according to reports today from Minister Stovall. Relief work is still extensive.

Consular dispatches from the Congo Free State announce that all missionaries are safe for the present and that work will be sent immediately if they are threatened.

Reports from Bulgaria say no Americans there desire assistance of any kind.

DOUBLE APPROVAL OF ITALIAN PASSPORTS REQUIRED  
Chicago, Sept. 7.—Americans and other nationals desiring to visit Italy must have their passports issued by the nearest Italian consul before leaving for Italy, according to instructions received here today by Giuseppe Dall'Aglio, acting Italian consul here.

## FIRST ENTRY FOR RODEO AT STATE FAIR IS IN

William Finn, of Cuba, Will Go After Roping, Riding and Racing Prizes. Poultry Cups on Exhibition.

The first entry for the Albuquerque rodeo, which is to be the chief popular feature of the state fair, was received today by Secretary Tom Rinkert, of the fair commission. The entrant is William Finn, of Cuba. Ten dollars, entry fee for Finn's appearance in the roping, broncho busting and relay races, was sent by John F. Young, of the Staplin Mercantile company.

No general advertisement of the rodeo has been done yet. It is expected that when the events are advertised about the state entries will come in great numbers.

Dr. L. R. Reid, of Portales, has notified Secretary Rinkert that Roosevelt county will have two groups of exhibitors at the fair. In addition to the exhibit sent from the county fair there will be exhibits from Roosevelt farmers as individuals.

Thirteen of the sixteen cups offered by the poultry department of the fair have been put on exhibition by Superintendent John Reub. Ten of them are shown in the window of S. T. Van's jewelry store on Central avenue. Three of them are shown in Roosevelt Bros. window. They are good to look at, all of them being handsome examples of the silver smith's art.

Superintendent Reub has received twenty-five more exhibition cups from Milwaukee.

## MORTUARY.

Mrs. Ralph Olivas, whose family lives in Wagon Mound and who has been employed in Albuquerque for several months died this morning at 297 West Tenth avenue of heart failure. The remains are held at the Crockett undertaking parlors pending arrival of relatives from Wagon Mound.

State Superintendent White Today Estimates Increase on Opening Day at 10,000—Total Now 75,000.

Santa Fe, N. M., Sept. 7.—In an enthusiastic statement given out today State School Superintendent White declares that the enrollment of the public schools, most of which open today, will show an increase of 10,000 scholars, bringing the total enrollment of the state up to 75,000. Mr. White looks forward confidently to the best year in the history of New Mexico public schools.

Funeral of Mrs. Bergere.  
The funeral of the late Mrs. A. M. Bergere will be held tomorrow morning in the cathedral. The public schools will close in the morning as a mark of respect to the dead and the funeral undoubtedly will be very largely attended.

Governor Back From Pecos.  
Governor McDonald and State Engineer French returned today from a trip to Pecos, Roswell and Carlsbad on matters connected with the state highway commission's work.

On a charge of highway robbery, John Taylor, colored, came to the state prison today to serve a year's sentence.

## DENIES SANDOVAL WILL GO FOR HERNANDEZ

M. C. De Baca Declares Stories of Deal with Republican Bosses is all a Mistake and Progressives Stand Pat

Santa Fe, N. M., Sept. 7.—Marcel C. De Baca, leading Progressive of Sandoval county, who is here today, denies an absolutely false story sent out from Albuquerque and by Republican headquarters here that Republican bosses from Bernalillo county had made a deal with the Sandoval county progressives by which they are to support Hernandez.

"W. H. Gillenwater and others came to our convention at Bernalillo," said De Baca, "and tried to tell us what to do. We had to restrain the crowd as the boys were ready to throw them out bodily. After the convention they tried to corner some of our people, but received absolutely no encouragement. The Sandoval county vote will go solid for the Progressive candidate or for Mr. Ferguson."

F. B. SCHWENTKER IS DELEGATE TO BIG CONVENTION

The Life Underwriters' Association of New Mexico, at a meeting held in the Commercial club this afternoon, elected F. B. Schwentker, of the Pacific Mutual Life Insurance company, New Mexico, delegate to the national convention of insurance men at Cincinnati. The national meeting will be held September 15.

T. J. Guilfoil, former assistant traveling auditor and later registrar of the State Agricultural College, spent today in Albuquerque on business with leading Democrats. Mr. Guilfoil has been appointed secretary of the state Democratic committee of Chairman J. H. Paxton and is on his way to Santa Fe to open state headquarters. Mr. Paxton is expected in Santa Fe tomorrow.

HEED THE WARNING.  
Many Albuquerque People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust," sediment and painful in passage. Stagnant kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Albuquerque people endorse Doan's Kidney Pills.  
Mrs. E. Adair, 523 E. Edith St., Albuquerque, says: "I had a pain below my shoulder blades. When I was on my feet or walking around, I didn't feel the trouble but the minute I sat down, the pain began. One box of Doan's Kidney Pills brought relief. I know that Doan's Kidney Pills are just as good as they are claimed to be. Occasionally when I feel in need of a kidney medicine, I take them and I always get quick results. I have advised other kidney sufferers to try Doan's Kidney Pills and I continue to recommend them as highly as I did some years ago."

Prior 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Adair had. Foster-Milburn Co., Props., Buffalo, N. Y.

District Attorney Tittman of Sierra County Takes Issue With Attorney General; County Seat Fight Involved

[Special Correspondence to the Herald]  
Tillamook, N. M., Sept. 5.—District Attorney Tittman has brought proceedings in the district court of Sierra county to enjoin School Superintendent Given and the school directors of the Elsie-Mephram Butte district from issuing any warrants for school teachers or approving warrants for expenditures for school purposes at the Elsie Butte dam. The proceedings are in the nature of a taxpayers' suit and are intended to settle once for all the question of jurisdiction at the dam. Mr. Tittman disagrees with the attorney general and cites the same decisions quoted by Mr. Clancy to prove his position. Mr. Tittman holds that the case of Fort Leavenworth Railroad Company vs. Lowe, 114 U. S. 845, expressly decides that the United States may acquire lands by condemnation proceedings. Such acquisition would not come under Article 8, Section 8, Paragraph 18, of the United States Constitution, which relates only to consent of the legislature to acquisition of land by purchase by the United States. The Elsie Butte damsite was not acquired by purchase but by condemnation proceedings. The same decision also holds that a legislature has the power to cede jurisdiction, either complete or limited, over any lands acquired by the United States otherwise than by purchase.

Chapter 47, Laws of 1912, consists of a number of sections. In the first section consent is given to all lands acquired by purchase. In the second section jurisdiction is ceded over all lands acquired either by purchase, condemnation or otherwise, and in the third section almost the exact language of the supreme court decision in the Fort Leavenworth case is used limiting the time of the jurisdiction and exempting the lands from taxes. That the act was intended to cover more than the provisions of the United States Constitution is shown by the inclusion of lands acquired by other means and for "any other purposes of the government" while the constitutional provision applied only to lands used for certain specified and limited purposes.

The question will become important when the county seat removal comes up because the promoters of the new county seat townsite are expected to be desirous of getting all the votes from the dam in favor of their scheme and the people of Sierra county do not think the people at the dam ought to take part in purely local matters.

## COMMERCIAL CLUB TO HOLD A BIG MEETING

Legislative Committee and Other Workers to Report at Tomorrow's Session. Many Inquiries from California.

The Commercial club will hold its first general meeting since the summer suspension tomorrow night. President C. O. Cushman urges all members to attend. Matters of great importance to the community will be discussed.

Standing committees appointed soon after President Cushman's election are to report, including the legislative committee, of which A. H. McMillen is chairman.

Secretary Tom Egan has sent a circular announcing tomorrow's meeting to all the members. Hereafter the club will meet in general session regularly every month.

Inquiries from Coast.  
Secretary Egan recently has received a substantial number of inquiries regarding Albuquerque and its climate from people in southern California. Within a few weeks no less than ten such inquiries have come to hand. Albuquerqueans have known that the climate of southern California was much overrated when compared with that of this vicinity, but it has been hard work overcoming the running start that the coast boosters got through their extensive advertising. The fact that California's climate has been overrated is beginning to be realized by health-seekers. The inquiries from the coast are only one indication that this city is destined to be the real capital of the health country.

## PERSONALS

Funeral services for the late A. E. Brooks, whose death occurred Saturday, were held this morning at 9:30 o'clock at the French chapel, Fifth and Central. Interment was in Fairview cemetery.

The funeral of the late Mrs. A. M. Bergere will be held tomorrow morning in Santa Fe at 9 o'clock. Requiem mass will be celebrated in the cathedral and interment will be in Rosarito cemetery.

Judge H. F. Reynolds, who has been holding court at Bernalillo for two weeks, returned to the local court house today. The first case taken up was an action from Sandoval county.

## H. D. SNAPPE NEARLY BUYS A LAWSUIT WITH HORSE

Ducks Just in Time, and now Storm Center Seems to be Shifting Toward Constable Jim Smith.

H. D. Snappe almost bought a law suit with a horse that Chief of Police McMillen sold today to satisfy the city's fee for impounding.

The horse in the case is the mare that Constable James Smith attached and took away from Poundkeeper George Washington Ward, who hasn't paid his road tax, under the impression that it belonged to Ward. It doesn't. It belongs to Asadio Bros., for whom Ward works occasionally. Smith went off with the horse, after getting it from Ward, and subsequently the horse got away from Smith, and it was impounded as a stray. That was about 19 days ago.

Today Chief McMillen put the mare up at auction before the station house. It is a good mare and bidding was brisk. Snappe finally bid it at \$11.50.

Five minutes after the sale John Asadio showed Chief McMillen a bill of sale proving his ownership, and announced that he was going after the man with his mare. Snappe had gone out to get the \$11.50. When he came back Chief McMillen was just explaining to Modesto C. Ortiz, counsel for Asadio Bros., that it really wouldn't be fair to start legal action against the innocent Mr. Snappe without warning him that the mare was all wrapped up in a law case. Snappe lost no time in backing out of the purchase.

"Smith is the man we want to go after," said one of the Asadios, and his lawyer agreed with him. On counsel's advice Asadio paid the \$1 due the city and ransomed his horse. Then he went away with his counsel to get ready to "go after Smith" for attaching the wrong horse.

## CAST IS COMPLETE FOR PRETTY OPERETTA

Presentation of "Goldenhair" in New High School Auditorium Friday Night Expected to Draw Big Crowd.

The familiar story of "Golden Hair," elaborated by tuneful choruses and songs, and embellished by characters of fairyland and Brunos of oxford will be staged in the high school auditorium Friday evening. The Forest Queen, who in private life is Miss Hortense Switzer, sings and acts the role exquisitely. Mr. Benjamin Puryear will impersonate the Bard. Little Edwin Ludes, a professional juvenile actor, formerly with the St. Louis Moving Picture company here, will be the teeny weeny bear. Baby Virginia Lee Williamson, who is already famous in Texas as a concert singer, will present specialties of character songs between acts. Other intermezzi numbers will be violin solos by little Richard Wilson and Nile Strumquist, Little Grace Longfellow, in the title role, is an ideal performer and singer. Mrs. B. S. Roddy is accompanist for the chorus and solo numbers. Mrs. Bradford has shared no pains in training the voices and arranging every detail of the affair that promises to be a most worthy production.

The cast of characters and the Forest Children are:  
Golden Hair—Grace Longfellow.  
Woodland Queen—Hortense Switzer.

## Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Ray of Boston, Ala. Continuing he says: "Physicians cannot begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the cause. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the headache has been removed. To answer this purpose we have found a most convenient and satisfactory remedy. One tablet every two to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headache of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "An-Ka-Na Tablets," and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few Anti-Kan-Ka Tablets, so as to have them ready for instant use. These tablets are prompt to action, and so as to be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-Kan-Ka Tablets can be obtained at all druggists.
